

Diamond 9

This activity is designed to be done in a group to encourage discussion. Children should be developing skills to share their opinion and offer reasons to justify it. Try asking “What do you think is more important?” and “Why?”

Most important

Instructions

1. Create your big selection of items (more than 10) e.g. 'to survive on a desert island.'
2. Decide on the most important 9 that you will take.
3. Rank the 9 from most important to least important and arrange them on the diamond.

- ## Instructions
1. Create your big selection of items (more than 10) e.g. 'to survive on a desert island.'
 2. Decide on the most important 9 that you will take.
