

Primary 4b Summer Term

Important dates this term:

Chicken Week: week beginning Tuesday 21st May

Pizza Express trip: Tuesday 28th May

Swimming: starts Thursday 21st May and ends Thursday 26th June

Sports Day: Wednesday 3rd June

Portobello Trip: Wednesday 17th June (tbc)

Home Learning:

Numeracy and Mathematics:

All children have a Sumdog account to practise their numeracy and maths skills.

I also like the Teaching Time website for different games around analogue and digital clocks- the class used this website last term.

<https://www.teachingtime.co.uk/>

A list of tasks children can do at home to improve their knowledge of money has been sent out via the app.

For problem solving I like NRich <https://nrich.maths.org/problem-solving>

continued on next page.

Literacy and English:

Spelling- grouped spelling lists are sent out for the term via the app- remember that practising common words is also important too.

Reading- this term we will be sending home group reading books. In P4b we read on a Tuesday, Wednesday and Thursday. **I will send the reading book home on a Thursday** for your child to consolidate and practise what they have read that week. Each book has a set of questions at the back that you can ask your child. **Please return all reading books to school by Monday morning** so that they can be swapped for the next book.

Termly Planning, P4b Term 4: 2025/2026

Interdisciplinary Learning		
Curricular area	Intended Learning	Experiences & Outcomes
Enterprise		
Social Studies	Enterprise and the roles of different businesses	SOC 1-21a SOC 1-22a
Technologies (textile)	Making cross stitch bookmarks to sell (& one to keep)	TCH 1-04b TCH 1-04c
