

Newsletter for week ending 4th September 2026.

We hope you have all had a wonderful week with your families and friends. Here is some of what we got up to:

Meet The Teacher:

Thank you to everyone who came along on Wednesday night to our first Meet the Teacher event of the academic year. It was very well attended and the feedback on the night was very positive. Thank you all and we do hope that you found it helpful and informative.

Assemblies:

On our Tuesday assembly, pupils in P3 to P7 started to hear about some of the opportunities for pupil leadership groups this year and moving forward. Pupil leadership groups are teams in school that give children a voice in decision making and positive change and give children real experiences of leadership.

We already have our Pupil Council which meets on Fridays with Lorraine.

We are now establishing Pupil Leadership Groups under the following titles:

Eco Schools and Outdoor Learning

Spanish

Rights Respecting Schools

Skills (SDS Meta Skills)

Junior Road Safety Officers (JRSOs). The JRSOs started last year and will continue.

Digital Leaders

Sports Committee

Some of these will be 'whole year stage', giving every pupil from P4 to P7 an opportunity to be part of a leadership team, whilst the remaining will be small groups of representatives from across the school.

Children will continue to learn more about Pupil Leadership Groups over the coming weeks in Tuesday assemblies.

On Friday's assembly, the Pupil Council shared their feedback about how the classrooms were looking and gave P2B the Cosiest Classroom Award! Each week, a classroom will be given the award for having the tidiest, 'cosiest' classroom. Well done P2b!

Snacks:

Please accept our apologies but there was a small error in last week's newsletter. It is only fizzy drinks that will be sent home. All other snacks are permitted (so long as they are nut free), we just encourage healthy snacks where possible.

Our Orchard:

Our Gardening Gang worked hard to create enough raised planting beds so that each class can have their own and the P7 classes have been working very hard to try to fill them with soil!

Huge thanks to our P7s for all their graft! The planters are a lot fuller than they were!

If you would like to help us with this task, the Gardening Gang will meet this Friday after school to keep filling the planters and perhaps add some donated trees and shrubs.

Chickens:

If you would like to look after the chickens in September and October, the form is [here](#) and there is still space. Aimee will be emailing families this week. Full training is provided and any eggs you find, you can keep! :)

Scooters and Bikes:

We are so pleased that so many of our pupils walk, scoot and cycle to school. For maximum safety, we encourage all children to please wear helmets and high visibility tops or stickers to help them be seen, especially as the days become darker.

Please ensure that your child's bike or scooter is named or identifiable as they can be similar to others and mix-ups can occur.

Kindest regards, from The Frogston Team
