Newsletter for week ending 13.11.26

Survey Feedback:

Thank you to everyone who took the time to complete our parent questionnaire at Parent's Evening in October. Your feedback helps us identify what families value about Frogston Primary School and where we can make things even better. We are pleased to report that almost all parents shared positive views about the welcoming ethos of the school, the quality of teaching, and children's happiness and safety. Some respondents also highlighted opportunities for us to make parental feedback more visible in our school improvements, and to further develop home-learning opportunities.

We will continue to work with children, families and staff on these areas and will keep you updated through our 'You Said, We Did' updates on the school newsletter. This will now become a regular feature, with a termly "You Said, We Did" report at the end of every term.

Thank you also to the parents who completed our Vision Values and Aims survey. Staff and pupils have also been looking at our current Vision, Values and Aims, and really thinking about who we are as a school, what is important to us and where we want to go.

It has been wonderful to see so much positive feedback and to begin to build a picture of our community's values and vision.

The next step is to put together a small focus group of parents and staff to build a plan moving forward. We will focus on establishing our:

1. **Vision:** *What kind of school do we want to be?*
2. **Values:** *What qualities and behaviours matter most to us?* (e.g., Kindness, Resilience, Ambition). Is it Achieve, Lead and Love? And what do those values mean to us?
3. **Aims:** *How will we get there?*

If you would like to be part of this focus group, please fill in your details here.

Thank you for helping us make Frogston Primary School an even better place to learn and grow.

Christmas Carolling Invitation:

An event will be held at St. Mary's Episcopal Cathedral next month on Saturday the 12th of December. The event is for P3 to P7 children and their families and is just to get in the Christmas spirit and learn some Christmas carols together. Everyone is welcome!

Please see the attached flyer for more information!

https://www.cathedral.net/event-details-registration/childrens-come-sing-carols-2026.

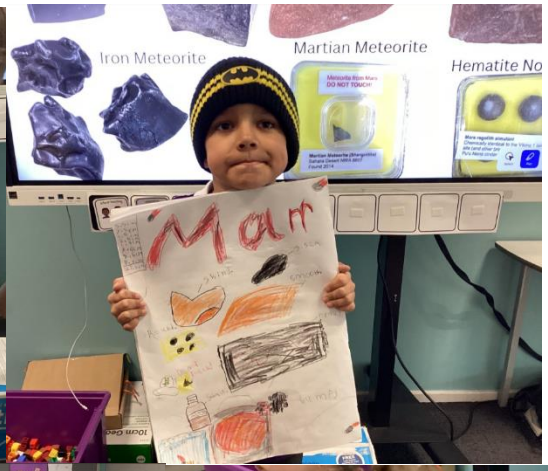

Remembrance Day:

On Tuesday the 10th of November, pupils attended a special remembrance assembly where they learned that Remembrance Day is a special day held every year on 11 November to remember and honour everyone who has been affected by war. They also learned how the red poppy became a symbol of hope and remembrance. The children were respectful and thoughtful throughout. A minute of silence was held on the 11th at 11am.

P4 Have a Cosmic Experience!

P4 have been out of this world this week! As part of our space topic, we were lucky enough to get some real Mars rocks to look at up close. The children were fascinated by them and have been busy putting together fact files. Some of the class used rulers to carefully measure the size of each rock, while others studied them closely and described what they could see using some brilliant, exciting vocabulary. We've heard words like "jagged", "speckled" and "crumbly" flying around the classroom! A huge well done to everyone for their curiosity and hard work.

Breakfast Club Reminder:

Dear Parents and Carers

Please be reminded that the last entry for Breakfast Club is at 8:30 am.

We open at 7:45 am, Monday to Friday, but children must arrive before 8:30 am to attend. This cut-off is essential to give our staff enough time to tidy up and reset the hall before school starts at 8:45 am.

If your child joins us for breakfast, please help us by making sure they arrive before the 8:30 am cut-off. A confirmation letter has also be given to each child in Breakfast Club.

Thank you so much for your support and cooperation.

Healthy Snack Update:

Staff have noticed that a huge number of children have continued their healthy snack habits way past our Health Week and we just wanted to say thank you and well done! The children continue to show off their healthy and nutritious fruits, vegetables and savoury snacks which is just fab.

Be Safe! Be Seen! Wear a Helmet!

As the mornings and nights continue to draw in, all families are reminded again about the importance of wearing reflective or high visibility clothing when walking, cycling and scooting to school. We love how many of you come to school actively and want you all to be safe!

Also, please ensure that all children on bikes and scooters are wearing a fitted, secured helmet.

We would like to ask that no one rides their scooter or bike in the playground at any time as there are many small children, buggies and babies in our playground at drop off and pick up times.

Thank you!

Have a wonderful week with your families!
